

TALKS THAT **STICK**

Keynotes and lightning talks on leadership, teams, and AI transformation - built on real stories from 20+ years of tech leadership and current experience at Google Cloud instead of pure theory slides.

WHO IT'S FOR

- Conferences, innovation days, and client events
- Leadership offsites and management summits
- Internal formats: town halls, learning weeks, kickoffs

TOPICS (SELECTION)

- The innovation threshold: leading in the age of AI
- Performance = Potential – Friction: what really slows teams down
- Psychological safety as a hard competitive advantage: How trust measurably drives performance, innovation, and decision speed (Learnings from Project Aristotle).
- From knowing to doing: AI adoption as a leadership task

FORMAT

- 20–60 minutes — from lightning talk to keynote
- On stage, virtual, or hybrid
- Optional: follow-up Q&A or breakout session
- Content tailored to your event
- English or German
